
INSTITUTIONAL MESSAGE

Madrid, 10th March, 2020

Dear Postgraduate Students of ESIC Madrid,

As a follow up to the previous message this morning, we would like to provide you with some information on how to continue your teaching activity over the following days to minimize the impact of the situation:

- For the next 15 days, all classroom-based teaching will be suspended.
- In order to ensure continuity to the evaluation of your subjects, your professors will guide you on the material you have already been supplied with via the platform. We strongly encourage you to access this information in order to progress on the program. In the next few days, your professors will give you more information.
- We would also like to inform you that we are working hard to ensure that all the learning objectives on the current modules are covered.
- Should you have any questions, please contact your teacher or the program coordinator.

We hope that together we can compensate the absences of these classes in the best way possible. We will keep you updated with any relevant information.
