

INTERNATIONAL MOBILITY

PUT NO LIMITS TO YOUR FUTURE: ESIC
WILL PREPARE YOU TO WORK IN THE
BEST COMPANIES IN THE WORLD.

BROADEN YOUR HORIZONS MULTIPLY YOUR EMPLOYABILITY

One of the main demands of companies is the need for professionals capable of developing their careers in international environments. A good level of English and international experience increases your chances of employment. Learn about other cultures and develop your skills in multicultural environments by applying new work methods.

At ESIC University, we offer our students the chance to gain international exposure in their 3rd, 4th, and 5th years of study. Our institution is firmly committed to internationalization, personal growth, multiculturalism, and the unique competencies that these experiences can foster for personal and professional life.

Our institution is also dedicated to technology and digitalization, which is why we have integrated digital tools into our Virtual Campus, providing maximum efficiency in managing international mobility, such as the Erasmus Without Papers (EWP), a digital solution to help higher education institutions streamline the management of Erasmus+ mobility students.

ESIC's International Office offers a vast array of options to choose from, including country, language, degree, and duration, based on individual preferences, tastes, and priorities.

We will assist you in choosing the option that aligns best with your profile, interests, and priorities, and offer students the opportunity to study for at least one international semester, and up to three semesters for those pursuing an Official Degree + Higher Title. At ESIC, we prepare you for the future from day one.

INTERNATIONAL MOBILITY OPTIONS

As a student you have the possibility of complementing and validating your **training abroad** during a semester or a complete academic year through our international options

ERASMUS+

Study and internship mobility within the European Educational Area, subsidized by the European Union.

HORIZON

University exchange in multiple destinations according to agreements. Some destinations could be the United States, Ireland or France.

MUNDE ESIC

Study mobility outside the European Educational Area. Destinations in Asia, Africa, Latin America, among others.

TERRA

University exchanges around the world.
*For students of the Higher Degree in Global Marketing Management and students in the 5th year of a Double Degree.

DOUBLE DEGREE

Mobility to add an official degree of the destination country by studying abroad for a year in France, Germany or Amsterdam.

*Check available pathway for your Official Degree or Higher Degree.
International destinations with limited places, subject to possible modifications.
All international options have additional costs.

Widening your horizons improves your **employment prospects**

ESIC LANGUAGES

We help you to obtain the official certificate you need to prove your knowledge in English, as we are an official preparatory and examining center for the main certificates, both professional and academic:

TOEFL, TOEIC and all Cambridge certificates.

We teach courses in several languages, as well as Spanish for foreigners. And, of course, we help you improve and perfect your language level with language courses and stays abroad.
